DESIGN SAMPLE - NOT AN OPERATIONAL DOCUMENT

|         |                               |
|---------|-------------------------------|
| Asset   | AS-104 - Transfer hoist       |
| Site    | Kōwhai House / Equipment room |
| Version | 2 - 4 Feb 2026                |

Archived version

This is the retained version 2 design sample. Version 3 is the current example. Archiving retains the original bytes and does not erase the earlier document identity.

Why it is retained

The version history demonstrates how a user can read or download an earlier file without mistaking it for the current document.

Design sample only

This PDF contains no operating instructions. It is not manufacturer evidence and is not suitable for real equipment use.
