About this file

This is a real PDF supplied only to demonstrate viewing, page navigation and downloading in the Asset Profile design. It is not a manufacturer manual and contains no operating or servicing instructions.

Document identity

Document set DS-104-1. Added to the synthetic library by Mara Ellis. Version 3 is the current example; version 2 remains available in history.

Source ownership

The asset document set owns this file. Checks and Maintenance retain their own submitted evidence. Updating this file does not replace an attachment on an earlier check.

Document revision notes

DESIGN SAMPLE - NOT AN OPERATIONAL DOCUMENT

Asset	AS-104 - Transfer hoist
Site	Kōwhai House / Equipment room
Version	3 - 12 Sep 2026

Version 3

Current sample dated 12 Sep 2026. A second page demonstrates that every page can be viewed in the document reader.

Version 2

Earlier sample dated 4 Feb 2026. The library preserves its original file and version identity.

Operational use

Use the approved manufacturer documentation and organisation procedures for real equipment. This synthetic PDF grants no approval and supplies no inspection or release criteria.
