

Synthetic report layout check

20 Sep 2026 00:00 - 27 Sep 2026 23:46 · Pacific/Auckland

One business journey per row. Personal trips and consent-blocked telemetry are excluded. Missing distance is not zero.

Complete rows that passed source identity and current authority checks. Unverifiable records are excluded; observation continuity is not guaranteed. 1 matching source rows. Blank values mean unknown or withheld.

Measures

Date	Rows (count)
2026-09-25	1

Source rows

Reference	Date	Resource	Site	Status	Recorded distance (km)	Recorded duration (hours)
1	2026-09-25	Example vehicle	Example regional service home	closed	-42.5	1
